

As a recent graduate in Computer Science with a focus on .NET development, I bring a fresh perspective and a strong foundation in software engineering principles to the table. During my academic journey, I've honed my skills in C# programming, ASP.NET, and SQL Server, gaining hands-on experience in building web applications and backend systems.

My passion for technology and problem-solving drives me to continuously learn and adapt to new challenges in the ever-evolving landscape of software development. I am eager to leverage my knowledge and enthusiasm to contribute to innovative projects and collaborate with experienced professionals in the field.

With a keen eye for detail and a commitment to delivering high-quality solutions, I am ready to embark on a rewarding career in .NET development, where I can make meaningful contributions while further expanding my skills and expertise
